

## 9. Swift Consortium libraries

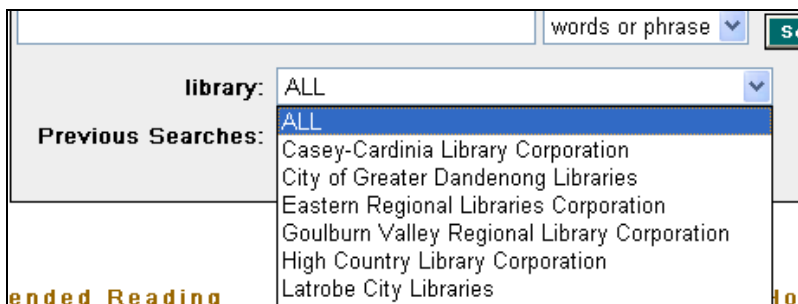

Yarra Libraries is a member of the Swift Consortium, a group of Victorian libraries who have joined together to purchase the one library computer system called Unicorn.

### Libraries currently using the Unicorn system

- Campaspe Regional Library Corporation
- Casey-Cardinia Library Corporation
- Central Highlands Regional Library Corporation
- City of Greater Dandenong
- City of Yarra Libraries
- Gannawarra
- Eastern Regional Libraries Corporation
- Goulburn Valley Regional Library Corporation
- High Country Library Corporation
- Melton Library and Information Service
- Mildura Rural City Council Library Service
- Swan Hill Regional Library
- West Gippsland Regional Library Corporation
- Wimmera Regional Library Corporation
- Latrobe City Libraries

### Searching for items in other consortium libraries and holds

You can search the items located at other Swift libraries by selecting the library from the drop-down menu or selecting ALL. Holds can be placed on most items held by other Swift libraries using the catalogue.

The screenshot shows a search interface with a search box containing the text "words or phrase" and a "Search" button. Below the search box is a dropdown menu labeled "library:" with "ALL" selected. A list of library names is displayed below the dropdown menu, including "Casey-Cardinia Library Corporation", "City of Greater Dandenong Libraries", "Eastern Regional Libraries Corporation", "Goulburn Valley Regional Library Corporation", "High Country Library Corporation", and "Latrobe City Libraries".

The holds that cannot be placed at all include those from the following Swift Libraries:

- Cobram Secondary College items
- Neerim South College items
- Ovens TAFE items

Please ask a staff member if you have any queries about not being able to reserve particular items.
