

Taking it to the streets – Richmond

We've used feedback from community members like you to come up with a traffic management and place-making plan for Richmond.

yoursayyarra.com.au/richmondstreets

We've listened to your ideas on how to improve your local streets and create better spaces for the community. Based on community feedback in July 2018, we created a plan to help make your neighbourhood safer and easier to walk and cycle.

Council will decide whether to adopt the recommended plan at its meeting on Tuesday 18 December, from 7pm at Fitzroy Town Hall.

This meeting is open to the public and as a community member, you are welcome to attend and make a verbal submission.

The final plan is likely to be delivered from 2019/20, subject to funding and final Council endorsement.

See the recommended plan at yoursayyarra.com.au/richmondstreets
