General Notes	Error of C173 - In Appendix 8 and mapping, but not Schedule to 43.01
Appendix 8	Graded 'Individually significant' in HO519
Planning Maps Online	In HO519
Schedule	Not in Schedule to 43.01
GIS Layer	Graded 'individually significant' in HO519 (red)
Amendments/Studies	City of Yarra Heritage Gaps Study: Review of 17 Heritage Precincts, Context Pty Ltd (2014) – Found to be individually significant
Appearance	Large and significant brick warehouse - Nov 2016.

Supporting Evidence Notes:

Building was determined as being of 'individual significance' through Am C173 (2017) by Context Pty Ltd and graded in Appendix 8. However, was not included in the Schedule to 43.01.

Conclusion:

Drafting Error – Add HO519 – 1-3 & 5-9 Gordon Street, Cremorne to the Yarra Planning Scheme, Schedule to 43.01.

Overl	Address	Type	Number	Suburb	Property Type	Property No	Heritage Status	Estimated Da

HO519	Gordon	Street	5-9	Cremorne	Factory, Former Nuttelex	102680	Individually Significant	1915-1925

In one instance where a precinct was not recommended in Stage 2 (Gordon Street), the Individually Significant former Nuttelex offices and factory at 1-9 Gordon Street was fully assessed instead. It was identified by the 2009 Study as Contributory, but re-assessed as Individually Significant following further research and comparative analysis. It is recommended for protection on the Heritage Overlay as part of the Cremorne Industrial Buildings serial listing.

131 Miller Street, Fitzroy North (part)

Error	No Grading
Heritage Overlay	HO327
General Notes	Small double fronted, residential/commercial building. One half of building is graded 'unknown' and the other 'contributory' (131A). Might be due to an address change in the past but seems strange - should be same grading.
Appendix 8	131 listed as 'unknown' in HO327 131A listed as 'contributory' in HO327
Planning Maps Online	In HO327
Schedule	North Fitzroy Precinct
GIS Layer	Graded 'unknown' in HO327 (white)
Amendments/Studies	131A in in VHD but not mentioned specifically in studies
Appearance	Small double fronted site. Both buildings have same facade - Oct 2017

Supporting Evidence Notes:

The double fronted property only has half graded despite being the same building. Most likely a historic mapping error or address change.

Conclusion:

Technical Error – Add 131 Miller Street, North Fitzroy to list it as 'contributory' in Appendix 8.

Overl	Address	Type	Number	Suburb	Property Type	Property No	Heritage Status	Estimated Da

Amendments/Studies	City of Yarra Heritage Gaps Study: Review of 17 Heritage Precincts, Context Pty Ltd (2014)

Supporting Evidence Notes:

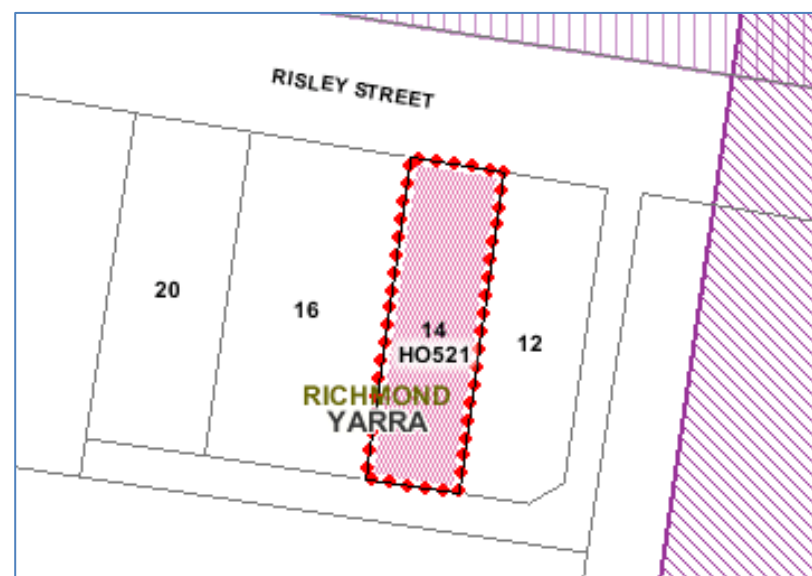

Building was determined as being of 'individual significance' by Context Pty Ltd, through Am C173 (2017) and graded was in Appendix 8. However, it was not included in the Schedule. Additionally, HO521 is in both GIS and Planning Maps Online as a result of the amendment.

Conclusion:

Drafting Error – Include 'HO521 – 14 Risley Street, Richmond' in Schedule to 43.01.

Planning Maps Online	In HO334

GIS Layer	155 Westgarth - graded as 'contributory' (yellow) 158 Cecil - not graded (grey and white) Curtilage goes through section of properties
Amendments/Studies	South Fitzroy Conservation Study, Jacobs Lewis Vines (1979), Fitzroy Urban Conservation Study, Allom Lovell and Associates (1992) and City of Yarra Heritage Review, Allom Lovell and Associates (1998) & none
Appearance	Both are small dwelling - Aug 2017.

Supporting Evidence Notes:

Property has a 'contributory' single dwelling on the lot. However, entire property is not included in HO334 curtilage, see adjacent image. The area not included in the HO, though part of the property, is the driveway to the dwelling.

Note: Grading error at 158 can be addressed in separate amendment after further investigation and analysis of the site.

Conclusion:

Mapping Error – Change the extent of HO334 to include the curtilage and match the property boundary for 158 Cecil Street, Fitzroy.

Supporting Evidence Notes:

Site is a car park for a property not included in the Heritage Overlay. However, located at the rear of HO101 (8 Derby Street, Collingwood), which is graded 'individually significant' in HO101.

Property and Administration Officer found that the property is under ownership of 4-6 Derby Street, Collingwood.

Conclusion:

Technical Error – Add reference to 4-6 Derby Street, Collingwood (land at the SW corner of Little Oxford Street and Langridge Street) as 'not contributory' in Appendix 8 in HO101 .

Supporting Evidence Notes:

Property has been subdivided from the 'individually significant' buildings in HO102 and redeveloped. It should no longer be graded 'individually significant' It is still part of the context for the HO for 10-16 Derby Street, Collingwood and it should remain.

Conclusion:

Mapping Error – Add reference to 7 Langridge Street, Collingwood as 'not contributory' in Appendix 8.

3 Gleadell Street, Richmond

Supporting Evidence Notes:

Technical or drafting error has incorrectly applied the wrong address to the Richmond Baths. Should be 11 Gleadell not 3 Gleadell. Change Appendix 8 and Schedule to 43.01 to rectify.

Conclusion:

Technical Error – Change address in Appendix 8 and Schedule to 43.01 in Yarra Planning Scheme from 3 Gleadell Street to 11 Gleadell Street, Richmond (HO261).

Supporting Evidence Notes:

First in a row of contributory cottages is in the wrong HO. HO503 is an individually significant overlay for 2 James Street, Abbotsford. From an interim HO now expired. Property needs to now be included in the precinct HO481.

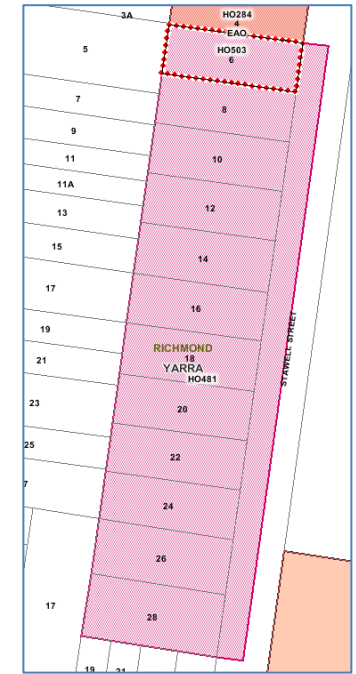

Conclusion:

Mapping Error – Remove the expired interim HO503 and extend HO481 to include 6 Stawell Street, Richmond.

Error	Incorrect Grading

General Notes	Incorrect grading of new extension
Appendix 8	Graded as 'contributory'
Planning Maps Online	Located in HO310
Schedule	Bridge Road Precinct
GIS Layer	Graded both 'contributory' and 'not contributory'
Amendments/Studies	Heritage Advice – Bridge Road heritage properties, GJM (2018)
Appearance	Modern development at rear of original shopfronts (2016)

Supporting Evidence Notes:

113 is a 'contributory' shop front, whilst 115 is a replicated shop front that is 'not contributory'.

Additionally, the developed rears 113A and 115A need to be graded 'not contributory'.

Conclusion:

Technical Error – Change grading of 113A-115A Bridge Road, Richmond in Appendix 8 to 'not contributory'.

Change grading of 113 Bridge Road, Richmond to 'contributory'.

55 Langridge Street & 14 Glasgow Street, Collingwood

Error	Mapping Error
Heritage Overlay	HO109
General Notes	Address is no longer correct and section of adjacent property is included in the site specific overlay
Appendix 8	'Individually Significant' and not graded
Planning Maps Online	HO109
Schedule	55 Langridge Street, Collingwood (Peatt Boot Factory)
GIS Layer	'Individually Significant'
Amendments/Studies	City of Yarra Heritage Review, Allom Lovell and Associates (1998) Volume 2 Part II.
Appearance	Large significant factory – Current

Supporting Evidence Notes:

The property is located in HO109 which is a site specific heritage overlay. The adjacent property now owns the car park that is between the buildings, which is included in the heritage overlay. It is proposed to re-align the HO109 boundary to follow the property boundary and exclude land at 14 Glasgow Street. The properties at 14 and 16 Glasgow Street will be separately investigated for their heritage significance.

Conclusion:

**Mapping Error – Change the extent of HO109 to remove section of 14 Glasgow Street, Collingwood from the heritage overlay.
Change the address of 55 Langridge Street, Collingwood to 61-63 Langridge Street Collingwood in Appendix 8.**

City of Yarra Heritage Review, Graeme Butler & Associates (2007)

261-263 Highett Street, Richmond

Error	Mapping Error
General Notes	Rear of properties on Highett Street are zoned GRZ2 whilst the fronts are zoned NRZ
Zones and Heritage Overlay	GRZ2 and NRZ HO263 and HO264
Current Use	Both properties are being used as residential dwellings. Neither has been subdivided
Appendix 8 Further Information	Individually Significant Zone matches extent of heritage overlay but does not align with the property boundaries. The properties were first identified in the Heritage Review (1998) by Allom Lovell and the citations address the significance of the buildings but don't explain the mapping. A rezoning to align with the boundaries would remove higher development potential of the rear of the site, affecting the property owners.

Conclusion:

Mapping Error - Change the mapping to rezone rear of properties from GRZ to NRZ and match the property boundaries.

Change the extent of HO263 and HO264 to cover the entire section of 261 Highett Street and 263 Highett Street respectively.

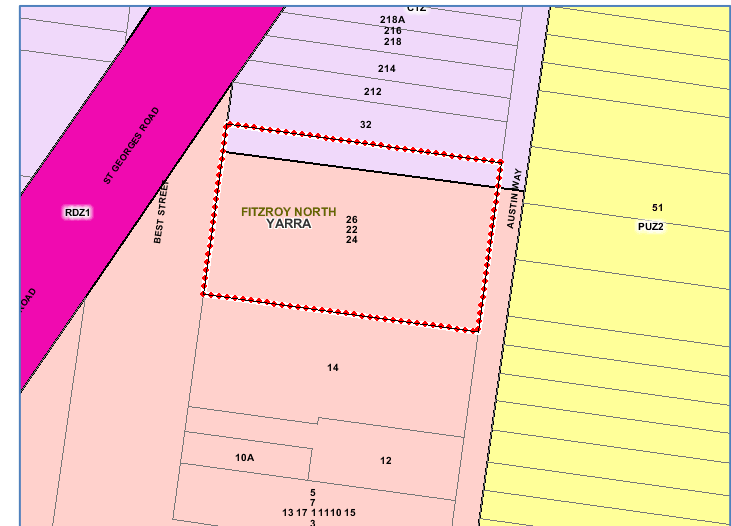

22 Best Street, Fitzroy

Error	Mapping Error
General Notes	Northern portion in C1Z, but bulk of site is in NRZ
Zones	C1Z and NRZ
Current Use	Residential
Further Information	Include all of site in NRZ as it is already developed. A change to the zone along one edge of the site will not affect the development potential of the land.

Conclusion:

Historic mapping error – Change the zone of the north portion of the property from C1Z to NRZ and match the property boundary.

522-530 Napier Street, Fitzroy North

Error Mapping Error

General Notes 522-524 Napier Street is partly in PPRZ and MUZ; 526-530 are all in PPRZ. Part of the Napier Street road reserve is in PPRZ as well

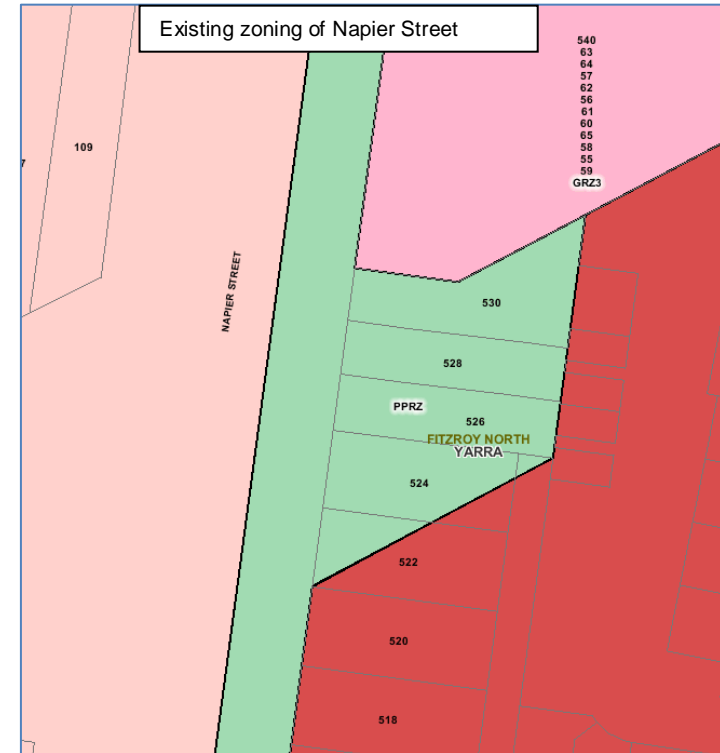

Zones PPRZ and MUZ

Current Use Residential

Further Information Clearly an anomaly. There are town houses constructed on the site which were constructed relatively recently. The PPRZ should not apply to private land and a road. There is no intention for the land to become parkland.

Conclusion:

Mapping Error – Change the mapping to rezone residential properties and adjacent road from PPRZ to MUZ and GRZ3 to match property boundaries.

314-316 Bridge Road, Richmond

Error	Mapping Error
General Notes	Southern portion of the property is GRZ while the front is C1Z
Zones	GRZ and C1Z
Current Use	Townhouses constructed to the rear of café on corner of Bridge and Hosier (currently St James café). The last townhouse in the row is in the GRZ but the rest of townhouses in the row are zoned C1Z
Further Information	Current use/height allowed in either zone. Land at 3 Hosier Street is a single storey building and is used as a City of Yarra senior citizens' centre

Conclusion:

Mapping Error - Change the mapping to rezone rear portion from GRZ to C1Z and match property boundaries.

4-6 Waltham Street, Richmond

Error Mapping Error

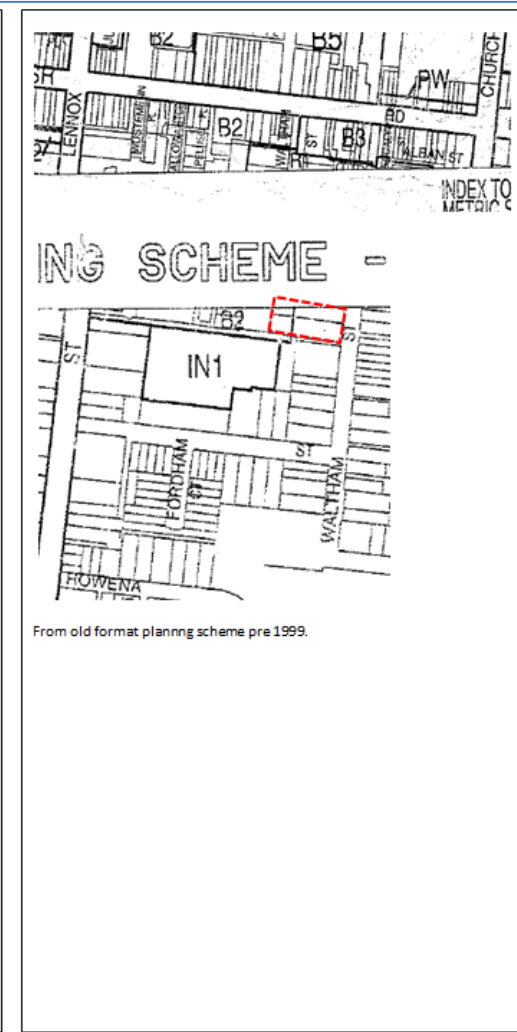

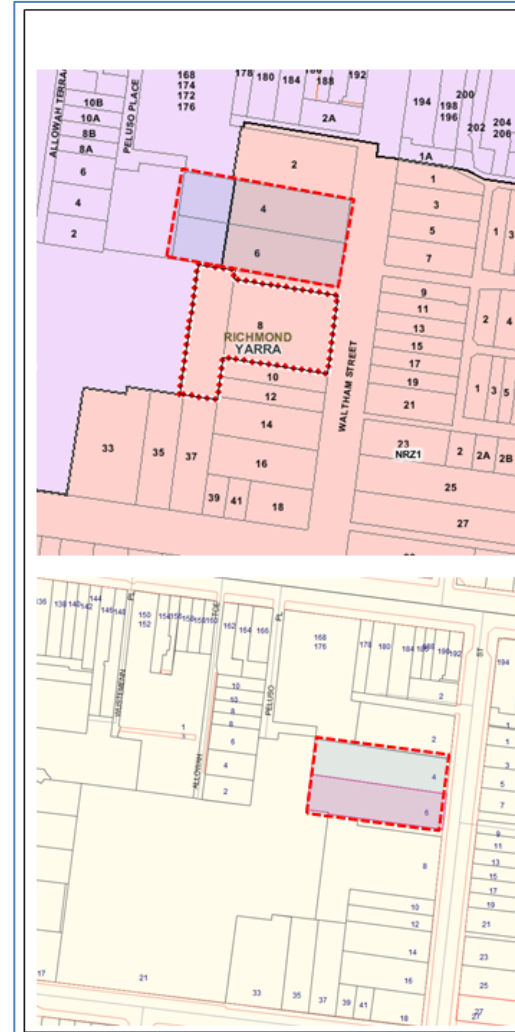

General Notes Both properties have C1Z at the rear.

Zones C1Z and NRZ1

Current Use Both used as dwellings.

Further Information The land has had the same zone since the new format planning scheme in 1999. Land at the rear in the C1Z could potentially be consolidated with other land in the C1Z to the west with access from Peluso Place and used for commercial purposes.

Conclusion:
Mapping Error – Change the zone at the rear of 4-6 Waltham Street, Richmond from C1Z to NRZ1 to match the property boundaries.

From old format planning scheme pre 1999.

95-103 Johnston Street, Fitzroy

Error Mapping Error

General Notes Front of property in the C1Z and the rear third is in the MUZ.

Zones C1Z and MUZ

Current Use Coles Supermarket and car park

Further Information Land on Johnston Street is currently used by Coles as a supermarket. Land at the rear is the Coles car park. All the land is in the same commercial use. There is a row of dwellings immediately abutting the site to the west on Fitzroy Street and Argyle Street which back on to the site.

It is normal practice for the zone boundary to follow the property boundary.

Conclusion:

Mapping Error - Change the zone for rear of the property from MUZ to C1Z align with the property boundary

Aerial photo

Townhouses 56-60 Argyle Street to the immediate west of the rear of the site

7 Tait Street, Fitzroy North

Error Mapping Error

General Notes This property is included in multiple zones. It is occupied by a dwelling. A large part of the land is in a Public Park and Recreation Zone (PPRZ). 7 Tait Street adjoins a section of the Inner Circle linear park. The PPRZ has been inadvertently applied to private land. There is no intention to acquire the land as parkland.

Zones NRZ and PPRZ

Current Use Residential

Further Information Land on eastern portion of residential property is incorrectly zoned as PPRZ, as is the adjacent parkland.

Conclusion:

Mapping Error – Change the zone of the eastern portion of property from PPRZ to NRZ to align with the property boundary

197 Lennox Street, Richmond

Error Mapping Error

General Notes The North side of the property is zoned C1Z while the majority is zoned NRZ

Zones C1Z and NRZ

Current Use Apartments/Residential

Further Information The portion that is zoned Commercial 1 aligns with the car park/pathway along the apartments. Existing strata subdivision makes redevelopment of the site less likely but not impossible. Appears to be a mapping error. The zoning should have matched the irregular shaped title boundary but does not.

Conclusion:

Mapping Error – Change the zone of the north section of the property to NRZ to align with the property boundary.

22 Falconer Street, Fitzroy North

Error Mapping Error

General Notes Public Use Zone at the rear of the site.

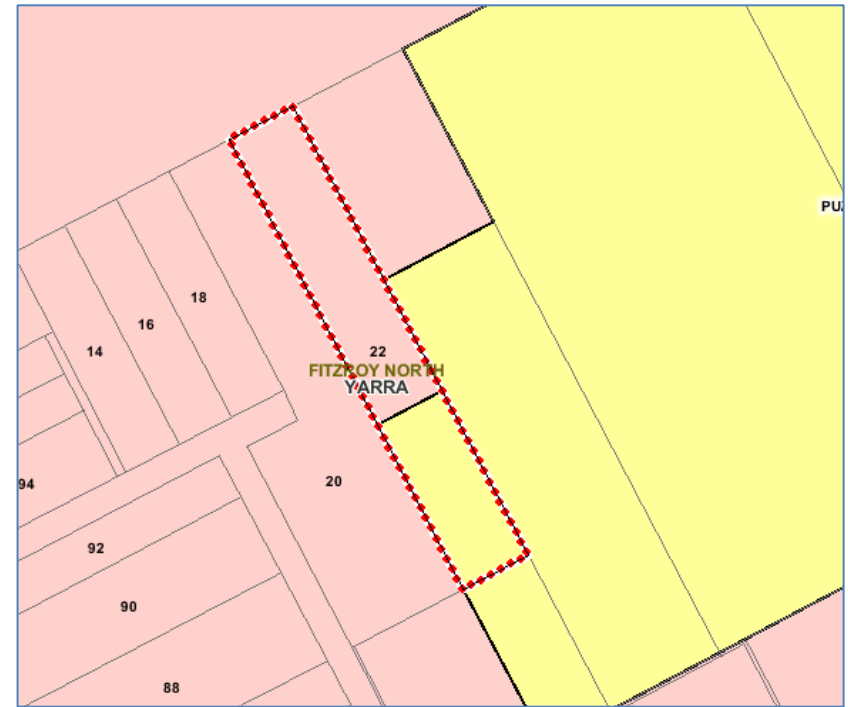

Zones GRZ and PUZ

Current Use Residential (dwelling)

Further Information Public Use 2 – Education. Site backs on to Fitzroy High School and shares part of the zoning with the high school. Confirmed that PUZ land forms part of the title. Land data shows the property boundary includes the portion of PUZ at the rear. Title search reveals land at 22 Falconer is all in one lot. Fitzroy High School is at 24 Falconer Street (next door).

Conclusion:

Mapping Error – Change the zone at the rear of property to GRZ to align with the property boundary.

Title Plan – 22 Falconer Street, Fitzroy North

24 Falconer Street, Fitzroy North

Error Mapping Error

General Notes Public Use Zone 2 is for education purposes. The zone is incorrectly mapped.

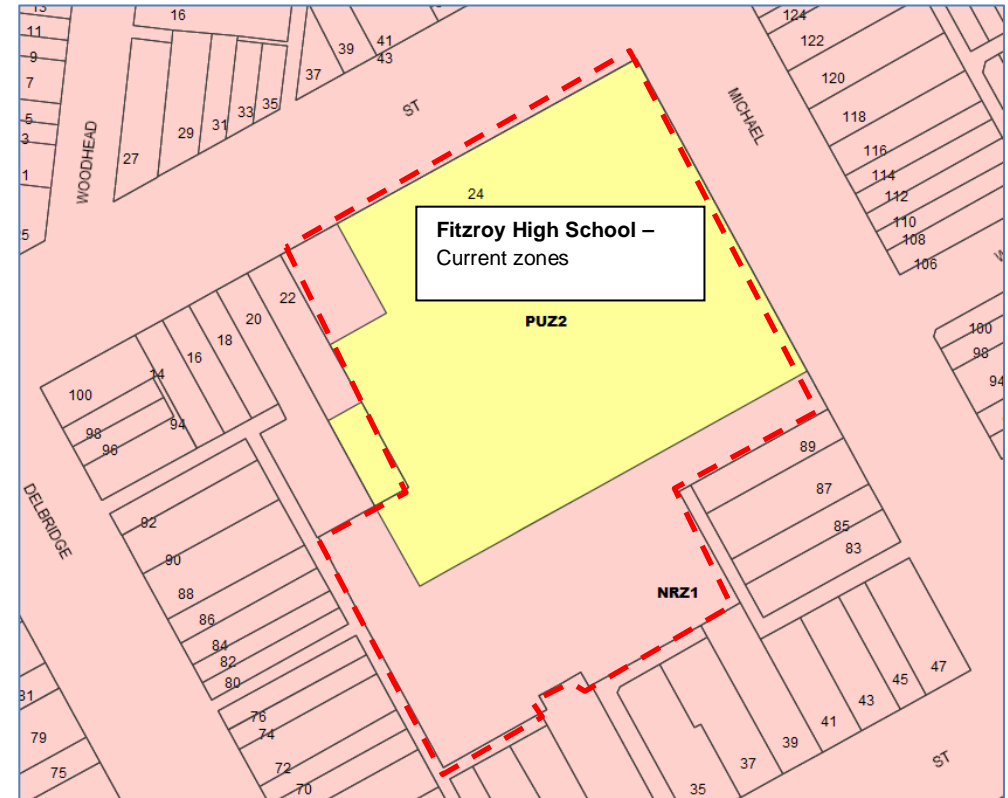

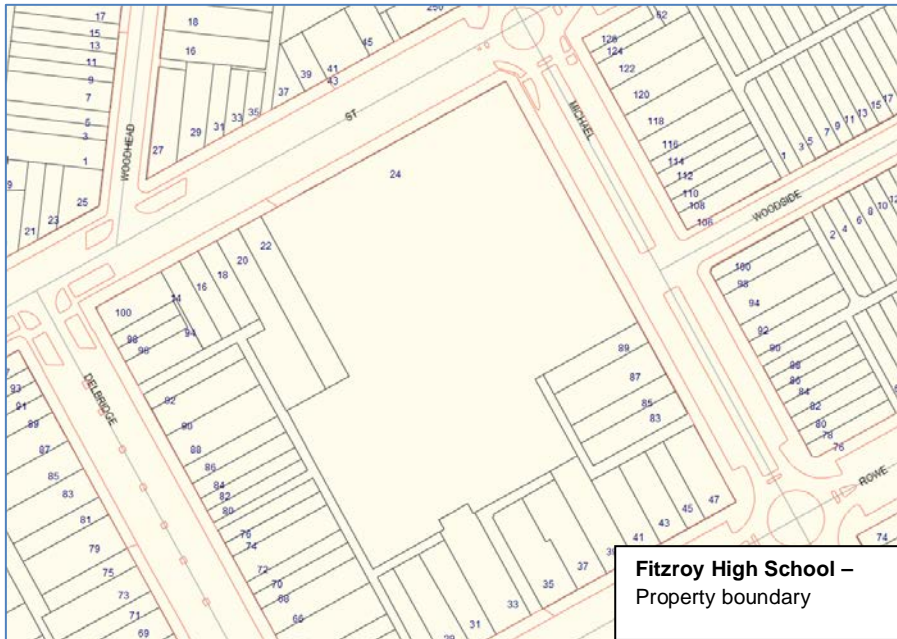

Zones PUZ and NRZ

Current Use Fitzroy High School

Further Information The PUZ2 should match the property boundary. The current zone reflects the old format planning scheme zone (see 22 Falconer Street above).

Conclusion:

Mapping Error – Change the zone to include the entire property of Fitzroy High School in the PUZ.

84 Johnston Street, Fitzroy

Error Mapping Error

General Notes Front of property in the C1Z and a narrow sliver of land to the rear in the MUZ.

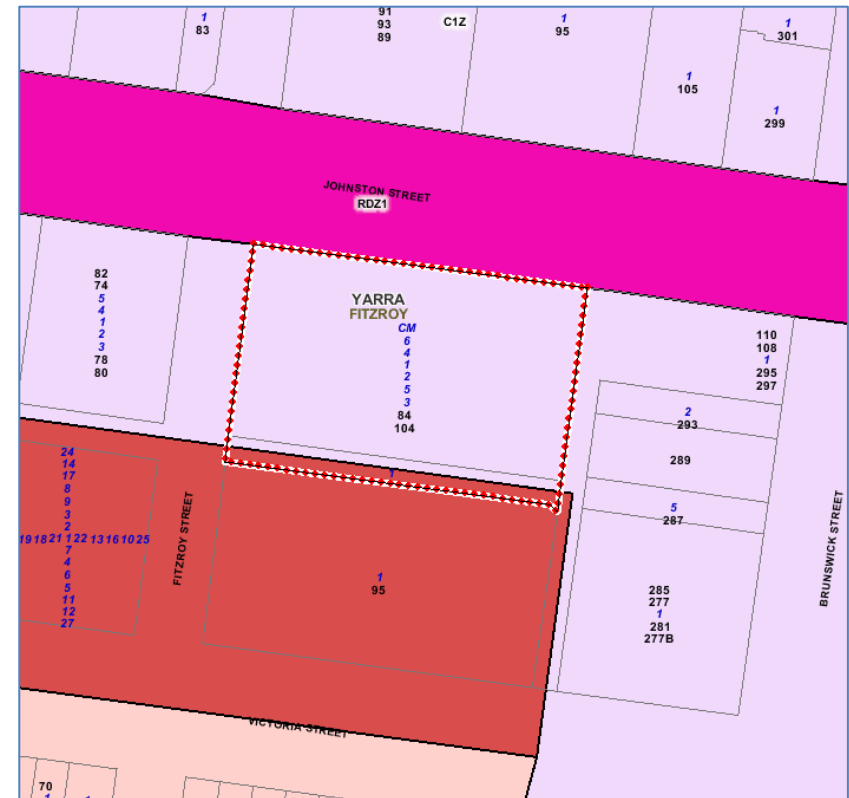

Zones MUZ and C1Z

Current Use Commercial

Further Information Land is currently subdivided and in commercial use. The extent of land in the MUZ is very limited – half of the width of the laneway at the rear. The laneway is on the same lot as the commercial building; it is not a public laneway. The image from GIS illustrates that the laneway is included within the property boundary.

Conclusion:

Mapping Error – Change the zone at south (rear) of property to C1Z to match the property boundary.

34-44 Cromwell Street, Richmond

Error Mapping Error

General Notes Land largely in C2Z except for a corner of C1Z.

Zones C1Z and C2Z

Current Use Commercial

Further Information A previous PUZ anomaly was previously corrected but put into the wrong zone – C1Z not C2Z.

Conclusion:

Mapping Error – Change the zone of the property to C2Z to match the property boundary.

Small section not included in the C2Z.
