

Attachment 2: Examples of Laneways and Passageways – ‘public roads’ (to be confirmed subject to further investigation)

Laneways (above left and right) that connect two roads that are known to be presently used on a regular basis by the public

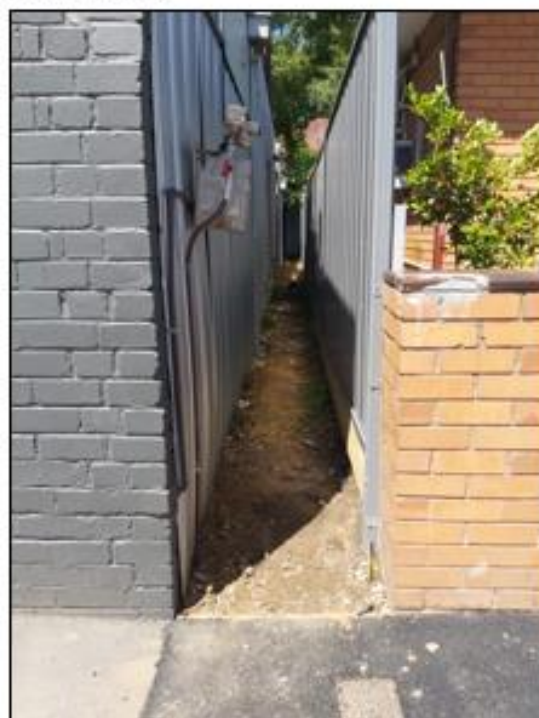

Passageway (below left) that forms part of a link between two roads (see aerial below right) that is known to be presently used on a regular basis by the public

Attachment 2 Continued: Examples of Laneways and Passageways – ‘non-public roads’ (to be confirmed subject to further investigation)

Laneway (above left) that only leads to the rear of two properties and a disused passageway (above right) that has been incorporated into private property

Passageways (below left and right) that that only lead to the rear of properties and has no apparent wider use to the community

Attachment 2 Continued: Examples of Obstructed Laneways and Passageways

Laneways (above left and right) that that have been gated and incorporated into private property

Passageways (below left and right) that that have been gated and incorporated into private property
