

Pre-application meetings

This fact sheet provides an explanation of pre-application meetings and an overview of the process.

What is a pre-application meeting?

A pre-application meeting is held between a Council Planning Officer and the applicant, prior to lodgement of an Application for Planning Permit. The purpose of the meeting is to help identify potential design issues and confirm what information is required to be submitted with the application.

Pre-application meetings can provide a number of benefits to both a developer and Council.

The benefits include:

- > Increased certainty about process and Council's expectations about the proposal
- > Improvement in the quality of information submitted to Council
- > Reduction in time delays caused by requests for design amendments and further information
- > Early identification of issues

What types of applications will Council conduct a pre-application meeting for?

Council will conduct pre-application meetings for the following types of development and/or use:

- > First floor extensions
- > New dwellings
- > Two or more dwellings
- > Mixed use and multi-level development
- > Change of Use
- > Liquor Licence applications

Council will not conduct pre-application meetings for smaller projects, such as ground floor extensions, signage, minor buildings and works or front fences.

For this type of development you can attend Council offices at Richmond Town Hall at 333 Bridge Road, Richmond between Monday to Friday, 8.30am to 5.00pm, where a planner will be able to assist you.
