JUNE 2017

CHANGE ROOM RENOVATION WORKS UPDATE

The works on the male change room at Fitzroy Swimming Pool are nearing completion, and are expected to reopen to the public in the second week of July.

In a previous update we had indicated that the works to the male change room would be completed by the end of June; however we currently waiting on the delivery of a small number of materials in order for the refurbishment works to be completed.

FEMALE CHANGE ROOM AND FAMILY CHANGE ROOM WORKS

In order to ensure that the upgrades to the female and family change rooms can be completed before summer, the works to these facilities will be done simultaneously.

Demolition is scheduled to begin in the week beginning Monday 17 July and will continue at intervals over the following four weeks. Please note these works involve the cutting up and removal of concrete and there will be construction noise throughout the day.

The area hoarded off will be much larger than the male change room works and will extend from the sauna area to the toddlers pool fence and across to the crèche wall. This will allow for demolition of the existing shade sail, installation of new glazed fencing and installation of the shower pod. Required circulation space to the pool will be maintained.

TEMPORARY FEMALE CHANGE FACILITIES

We will be making improvements to the temporary change room facilities, following feedback from members and pool users. A marquee will be installed over the ramp and pool concourse area, providing a heated changing area with toilets and showers. A number of banks of lockers will also be relocated to this area. Please note, the bike hoops and umbrella in front of the portables will be removed to make way for the marquee.

Accessible toilet and shower facilities will be available. The exact location is still being determined.

TEMPORARY SHOWERS AND CHANGE ROOM

The three 'portaloos' type showers will be removed in July. The temporary change room on the grassed area will be utilised as builder's storage or removed.

ACCESS TO GROUP EXERCISE ROOM

The current entrance to the Group Exercise Room will be closed off from the week beginning Monday 17 July. Entrance to the Group Exercise area will be through the park side, via the grassed area of the pool. Temporary fencing will be installed in the park from the current fence to the temporary entrance. Access will be via a gate that will be open until classes are complete. Directional signage will be installed to show access.

CHANGE ROOM WORKS FITZROY SWIMMING POOL

FRONT ENTRANCE RAMP DEVELOPMENT

Works will begin on the redevelopment of the front entrance ramp in August. Works will be undertaken in two stages to enable ramped access at all times. The first stage will be at the step entry end. These steps will be replaced with a compliant ramp. Once this end is completed works will move to the other end where the current ramp will become a step entry.

FURTHER INFORMATION

Thank you in advance for your patience as we undergo improvements to the facility. We look forward to continuing to provide updates as this refurbishment progresses.
