

CHANGE ROOM WORKS UPDATE

FITZROY SWIMMING POOL

INVOLVE CONNECT ENJOY

JULY 2017

STAGE 2 / FEMALE, FAMILY AND ACCESSIBLE CHANGE ROOM WORKS

Stage 2 of the change room renovation works to the female, family and accessible change rooms at Fitzroy Swimming Pool will commence tomorrow, Thursday 20 July.

TIMELINES

- > **From Thursday 20 July the female, family and accessible change rooms will be closed to the public for renovations.** The works are expected to take approximately 14 weeks.
- > Works to the front entrance ramp will begin in August. The works are expected to take approximately 13 weeks. Further details regarding these works will be provided as we get closer to the date of these works.

Please note – the above time line indications are subject to change and are dependent upon contractors and suppliers completing tasks in line with the project plan. Any amendments to the project timelines will be communicated accordingly.

FEMALE CHANGE ROOM AND FAMILY CHANGE ROOM WORKS

In order to ensure that the upgrades to the female, family and accessible change rooms can be completed before summer, the works to these facilities will be done simultaneously.

Demolition is scheduled to begin in the week beginning Monday 17 July and will continue at intervals over the following four weeks. Please note these works involve the cutting up and removal of concrete and there will be construction noise throughout the day.

The area hoarded off will be much larger than the male change room works and will extend from the sauna area to the toddlers pool fence and across to the crèche wall. This will allow for demolition of the existing shade sail, installation of new glazed fencing and installation of the shower pod. Required circulation space to the pool will be maintained.

TEMPORARY FEMALE CHANGE FACILITIES

We have made improvements to the temporary change room facilities, following feedback from members and users. A marquee has been installed over the ramp and pool concourse area, providing a changing area with toilets and showers. We have installed temporary heating units in this changing space and a number of banks of lockers have also been relocated to this area.

Accessible toilet and shower facilities are available near the toddler pool.

During the change room closures, whenever possible arrive at Fitzroy ready for your workout or swim.

ACCESS TO GROUP EXERCISE ROOM AND OCCASIONAL DAY CARE

The usual entrance to the Group Exercise and occasional day care rooms are now closed off to the public for works in this space.

The temporary entrance to the Group Exercise and occasional day care rooms is through the park side, via the grassed area of the pool. Temporary fencing has been installed in the park from the current fence to the temporary entrance. Access is via a gate that will be open until classes are complete. Signage has been installed to direct access.

FRONT ENTRANCE RAMP DEVELOPMENT

Works will begin on the redevelopment of the front entrance ramp in August. Works will be undertaken in two stages to enable ramped access at all times. The first stage will be at the step entry end. These steps will be replaced with a compliant ramp. Once this end is completed works will move to the other end where the current ramp will become a step entry.

FURTHER INFORMATION

Thank you in advance for your patience as we undergo improvements to the facility. We look forward to continuing to provide updates as this refurbishment progresses.
