Small Project Grants

If you require funding of \$1,000 or less, you may wish to consider applying for a Small Project Grant (SPG) instead of an Annual Grant. SPGs allow grant recipients access to small amounts of funding quickly with the assessment process taking around four weeks. Applicants can apply for one Small Project Grant per financial year. Applications open in July each year and remain open until all funds are distributed.

For more information see: <https://www.yarracity.vic.gov.au/about-us/grants/small-project-grants>.

About the Annual Grants

Why do we provide these grants?

The Annual Grants Program is one of the ways in which Council supports the strategies presented in the Council Plan. The Council Plan guides how Council responds to the opportunities and challenges the municipality faces. The Council Plan can be found at: <https://www.yarracity.vic.gov.au/about-us/council-plan>

The Community Grants Program aims to:

- a) develop partnerships between Council and community groups to achieve Council's strategic directives;
- b) direct resources to the emerging and specific needs of disadvantaged groups;
- c) develop a positive approach to the resolution of local social issues;
- d) support local groups, activities and community connectedness; and
- e) support community organisations to develop skills and increase participation.

The Annual Grants provide funding towards small to medium-sized projects that respond to the social, cultural, recreational, economic and sustainability needs of Yarra residents.

Annual Grants Streams and Categories

1. Community Development;
2. Climate Action;
3. Family, Youth and Children;

Information and Training Sessions

Council will hold **information sessions** for applicants seeking further information on this grant program and how to apply. Each session will include time for one-on-one discussions about your project. Please let Council know if you require an interpreter for these sessions. For further details please visit <https://www.yarracity.vic.gov.au/about-us/grants/annual-grants>.

Having trouble writing your application?

The Grants Team are available to help all applicants with preparing their application. You can call us on 9205 5170 or 9205 5146 to talk about your project and your application. We can also help in person with completing your application form to submit it online. This needs to be **by appointment** (to make sure we are available). Interpreters can be booked if requested.

Applicants should also call the Council Contact listed for the stream they are applying to.

Video pitches can be included as supporting documentation to your application. However, you will still need to complete the written application form. Please ensure any videos are kept short (to a maximum 5 minutes) as assessors have a large number of applications to review. SmartyGrants recommends keeping attachments to 5 MB, so you may need to provide a link to an external video-

⁴ Capital works are defined as projects undertaken to create a new permanent asset or space, or to permanently change the use, function or layout of an existing asset or space.

hosting site instead.

If you are having trouble accessing your SmartyGrants user account, please contact SmartyGrants directly via service@smartygrants.com.au.

Auspiced Applications

Auspicings help small or new organisations who are not incorporated or who do not have an ABN access grant funds. They accept legal and financial responsibility for the grant if successful. An auspice organisation **must be incorporated and have an ABN**.

Applications can be submitted directly by groups being auspicied. However, the funding agreement for successful grants will be made between the auspice organisation and Council, and grant money will be paid directly to the auspice organisation. You will need to provide information from the auspice organisation including: their contact details, ABN, and most recent financial report.

Annual Grants Assessment Criteria

All applications will be assessed against the following criteria:

- capacity of the applicant to deliver on project outcomes;
- clearly defined project aims;
- clearly identified target group;
- alignment with stream funding priorities;
- evidence of community need;
- well defined intended outcomes;
- clear evaluation methods;
- community participation and consultation where appropriate; and,
- a complete, balanced, and realistic budget.

Speak to a Council Officer

Contact details of the Council Officers responsible for each Funding Stream are detailed in the Fact Sheets.

It is important that you talk through your project ideas with the officer responsible for the Funding Stream before applying. The Council Officer can give you advice on how to shape your application to give it every chance of success.

Aboriginal Consultation

If your project relates to the local Aboriginal community, or you are planning on working with Aboriginal community, you should demonstrate that you have undertaken consultation in your grant application.

Council recognises the Wurundjeri people as the Traditional Owners of the land on which the City of Yarra now stands. Consultation and cultural requests such as cultural awareness training, Welcome to Country ceremonies or smoking ceremonies must be directed to the Wurundjeri Council. If your project relates to specific issues you may wish to consult with other Aboriginal organisations such as the Victorian Aboriginal Health Service or the Melbourne Aboriginal Youth Sport and Recreation Co-operative (MAYSAR).

When planning a project relating to or with the Aboriginal community, consultation should happen at

the beginning, when the project is being developed. Do not present your proposed plans or projects to the Aboriginal community when they are half and/or already complete.

You should also ensure you allow time for consultation processes. Many decisions require Aboriginal people to consult their Elders. Bear in mind that cultural knowledge and advice from Wurundjeri Council is in high demand and, like any specialised advice, may come at a fee.

The Wurundjeri Council can be reached at **Error! Hyperlink reference not valid.** or by phone on 03 9416 2905.

Accessibility

All applicants are encouraged to consider how their organisation and project will be accessible and inclusive of people with a disability. For ideas on how to make your program, project, or event more flexible please see the [Accessibility Guide](#) For more information please contact Cheryle Gray, Coordinator Community Planning, on 9205 5175.

Environmental Impact

All applicants are encouraged to incorporate activities that improve the sustainable outcomes of their projects. For more information contact Kelly Heffer, Sustainability Engagement Officer, on 03 9205 5769.

Last year's grants

Applicants are encouraged to view last year's successful grants to see the range of projects funded and realistic grant allocation amounts. A list of successful grants is available at:

<https://www.yarracity.vic.gov.au/about-us/grants/annual-grants>.

Prepare your Grant Application

When preparing your grant application, please consider the following:

- Begin your application as early as possible. We strongly recommend you submit your application before the due date. **The grant round closes strictly at 11:59pm on Sunday 31 July 2022.** We are unable to accept late applications for any reason.
- Ensure that you state explicitly what your project is. Describe the event/activity/program, so that it is clear what you want to do, how you want to do it, and why it is worth doing.
- Bear in mind that the assessors change each year and presume that they are not familiar with your organisation or your previous projects. Assessors are not given access to your grant history.
- Be as precise as possible. The assessors are aware that your project may still be in the planning stage and that definite plans are not always possible until funding is secured. However, you can still clearly state what your intentions are and, if needed, adjust the project plan through a project variation if your grant is successful.
- If your project involves partnering with another organisation, it is useful to show some evidence of that partnership, such as a letter of support.
- All questions marked 'response required' must be completed for the application to be eligible.

Prepare your Project Budget

When preparing a budget for your project, please consider the following:

- It is important that all costs are realistic and justified/explained within your application.
- Ensuring that your budget is as detailed as possible helps the assessors understand the amount requested and demonstrates what the impact of reduced funding might be.
- If you have applied for other funding for your project, please note this in your budget and ensure it is clear if the funding is confirmed or unconfirmed.
- If you have applied for the Annual Grant Council Facility Subsidy please make sure you include this as both a budget income and budget expenditure item. Do **not** include this additional subsidy as part of the total cash amount requested for the grant.

Choosing which Stream and Category to apply under

Only one application per project will be considered, therefore it is important to consider which stream and category is the best fit for your project. If your project covers a range of issues and you are not sure which category to apply under we suggest speaking to the Council Contacts for each of the different streams that you are considering so that you can make an informed decision.

Things to bear in mind when choosing which stream to apply under are:

- What is the primary outcome of this project: what is the main thing you are trying to do or achieve?
- Who are the primary beneficiaries: which group of people do you want to reach most of all?

The Grants Team reserves the right to move your application from one stream to another. If this occurs, you will be advised by email. Stream changes are only made to ensure applications are in the most appropriate category for their project and eligibility, and thus give applications the best chance at success.

In this competitive grant round, fitting in with the category priorities is essential to success. So choose your stream based on the priorities of your project rather than on the amount of funding available in any given stream.

Why do we ask for a minimum grant amount?

While we strive to fund the grants to the amount requested, with limited funds available that is not always possible. Sometimes, successful applicants are offered a lower amount than requested when the full funding is not available and the assessors believe the project will still be viable and worthwhile. This is why we ask what the minimum funding is required for the project to run and give the space for you to describe the impact a lower funding amount would have on your project. We strongly encourage applicants to make use of these questions when appropriate so that the assessors can make informed decisions.

If your project is successful but you did not receive the full amount of funding, the Grants Team will be happy to discuss any changes you may need to make to the project.

Attachments and Support Material

You may wish to include supporting material with your application. Some items that might be appropriate include:

- letters of support from partner organisations, confirming their intention to work with you on this project;
- letters of support from organisations consulted;

- evaluations or assessments of previous programs or projects; and,
- Links to short videos about your project

If you are applying under the Arts and Culture Stream, please also see the Arts and Culture fact sheet for a list of specific support materials requested.

Please note, the maximum attachment size in SmartyGrants is 25MB. To avoid technical difficulties which may prevent you being able to submit your application, we recommend keeping files to a maximum of 5MB. Files can only be uploaded one at a time and upload speeds will vary depending on your computer's specifications, your internet connection and the amount of traffic on the SmartyGrants server. If you do have concerns or encounter any issues, consider providing links to specific website pages or online/cloud file transfer service in the space provided instead.

Financial Statements

All those applying as an organisation must upload a copy of the organisation's (or auspicing organisation's) most recent annual financial statement to their Annual Grant application. For most applicants, this will be the previous year's Financial Statement. Alternatively, you can upload the organisation's most recent profit and loss statement.

Applicants who do not provide a financial statement will be ineligible.

All incorporated organisations are required by Consumer Affairs to have a financial statement every year, and to present this at their AGM. More information on financial statements can be found at www.consumer.vic.gov.au/clubs-and-fundraising/incorporated-associations/running-an-incorporated-association/annual-statement/financial-statements-and-auditing

Child Safe Standards

Victorian organisations that provide services or facilities for children (anyone under 18 years old) are required by law to implement Child Safe Standards to protect children from harm. Therefore, if your project/program will engage children as either participants or audience members you will be required to demonstrate that you are complying with the Child Safe Standards by uploading a copy of your organisation's Child Safe Policy or Statement of Commitment to Child Safety.

If your organisation does not yet have a Child Safe Policy or Statement of Commitment to Child Safety, a template document is available on the Small Project Grants website:

<https://www.yarracity.vic.gov.au/about-us/grants/small-project-grants>. Tailor this document to suit your organisation and activities, then attach the document to your application as evidence.

Remember to make sure a copy is distributed to your members.

Individual artists will need to upload a copy of your current working with children check and/or your exhibition space's Child Safe Policy or Statement of Commitment to Child Safety.

For further information on the Child Safe Standards see: <https://ccyp.vic.gov.au/child-safety/resources/>

Public Liability Insurance

Applicants are not required to include a copy of their public liability insurance with their Annual Grant application. However, if the application is successful, Council requires that all grant recipients provide evidence of public liability insurance, with an adequate coverage level (see page 4), before payments can be processed. In most cases this will be a copy of your public liability insurance certificate of currency. If you do not have public liability insurance you will need to provide a copy of the public liability insurance certificate of the venue where your project will take place. Organisations that are being auspiced may be covered by the auspice body's public liability insurance, and so will need to

provide a copy of their certificate of currency.

Successful applications

What will happen if your application is successful?

If you are successful, a funding agreement which outlines the conditions of your grant will be sent to you (or your auspice organisation). You will be required to sign and return a copy of the funding agreement and provide a copy of your organisation's bank statement showing the account number, BSB number and name that matches the applicant or auspice ABN details. All payments will be made by electronic transfer.

What to do if your grant is not fully funded?

If your application is successful but you did not receive the full amount of funding requested, and you would like to proceed with the grant, the Grants Team are happy to discuss any changes you need to make to the project. The Grants Team can also advise you whether you need to submit a project variation form outlining the changes being made.

Acquittal

Each grant recipient is required to submit an Acquittal Form within two months of completion of the project. The acquittal includes questions about how many people and Yarra residents participated in the event/program, what adjustments were made to the project as it unfolded, and whether the aims and objectives outlined in the application were met. The acquittal also includes a financial report, which shows how the funding was spent. You are required to keep accurate and up-to-date records including itemised receipts issued when funding is spent.

The required acquittal form is attached to each successful application. Links to the acquittal forms are listed under each application in the "My submissions" area of SmartyGrants. To access an acquittal form, please log onto <https://cityofyarra.smartygrants.com.au/>, click on the "My Submissions" tab and scroll down to the specific grant. You can then complete and submit the acquittal.

Please keep receipts for expenditure items over \$200 to upload into your online acquittal.

To be eligible for a grant, organisations and/or individuals must have successfully acquitted all completed grants from Yarra City Council. Applications from applicants with outstanding acquittals will **NOT** be assessed.

Submitting Your Application Online

Applicants are encouraged to submit their application and supporting materials using the online grants form at cityofyarra.smartygrants.com.au. A preview version of the application form will be available in June 2022.

Please note that applications are not submitted online until you hit the **submit** button. After submitting your application you will receive an email acknowledging receipt of your application – it will have a PDF copy of your application attached for your records. This will be sent to the email address you used to register. *If you do not receive this email your application has not been submitted.* City of Yarra staff cannot view applications that have not been submitted.

Applications and all supporting material are due by **11:59pm on Sunday 31 July 2022** and any additional materials will **not** be accepted after this time.

If you cannot access the online application form, Council will accept handwritten applications. Please contact the Grants Team on 03 9205 5170 to request a printed version of the application form. Typed, emailed or faxed applications will not be accepted. For further information please call Community Grants on 03 9205 5170 or email yarragrants@yarracity.vic.gov.au.

Additional Information and Requirements for the Six Streams

Community Development

The Community Development Stream is designed to strengthen the social and cultural diversity of the City of Yarra and encourage people from all backgrounds to participate in community life. This stream supports the valuable work undertaken by a diverse range of not-for-profit organisations and community groups in Yarra who run projects building social inclusion, supporting social justice and strengthening our local communities. This stream focuses on projects that address strategies from the Council Plans listed in the table below. There are four categories to choose from:

Community Strengthening

The Community Strengthening Category will suit local community-run groups seeking to hold activities in Yarra which will address the following priority areas:

- develop partnerships between Council and community groups to achieve shared strategic outcomes.
- direct resources to the emerging and specific needs of disadvantaged groups.
- develop a positive approach to the resolution of local social issues.
- foster the increased connectedness of people by supporting local groups and activities.
- reduce social isolation in multi-unit housing developments.
- foster the development of healthy and respectful relationships within communities.
- support and strengthen community organisations.
- develop skills and increase participation in the community.

Maximum grant: \$4,000. Thirty-six projects were funded last year, and the average grant was \$3,000. Successful applicants from 2022 do not need to reapply as they have three-year funding.

Community Support

The Community Support Category will suit non-profit organisations offering services and programs for the benefit of the Yarra community and will address the following priority areas:

- develop partnerships between Council and professional organisations working within the Yarra community to achieve shared strategic outcomes.
- direct specialised resources to the emerging and specific needs of disadvantaged groups.
- develop a positive approach to the resolution of local social issues.
- foster the development of healthy and respectful relationships within communities.
- develop skills and increase participation in the community.
- the purchase of a defibrillator.

Maximum grant: \$10,000. Nineteen projects were funded last year, and the average grant was \$7,500.

Community Celebrations

The Community Celebrations Category supports a diverse range of smaller events that showcase, celebrate and support Yarra's diverse communities and build community connectedness. Applications for street closures as well as multicultural celebrations are encouraged to apply here.

Maximum grant: \$3,000. Eleven events were funded last year, and the average grant was \$2,500.

Social Enterprise

The Social Enterprise Category supports not-for-profit organisations and businesses to build or establish innovative revenue generating projects, while also creating community benefits. Priority will be given to social businesses with a mission aimed at the creation of employment opportunities for people facing barriers to workforce participation. Funds should be directed towards building employment opportunities and not primarily to wages. In addition, priority will be given to applications which provide a service or product that addresses an identified social, environmental or cultural need that is not being met by the commercial market, and/or develop income streams that allow social businesses to become self-sustaining and independent.

Maximum grant: \$15,000. Three projects were funded last year and the average grant was \$12,000.

Climate Action Stream

The Climate Action Stream seeks to support initiatives that accelerate community-led climate action at a local level. This stream places a priority on funding projects that:

- Mobilise the community to take climate action, including advocating for change and growing a network of people taking climate action
- Support the most vulnerable in our community to cope with climate impacts (e.g., extreme weather, energy and food insecurity)
- Build stronger social connections to increase resilience to future climate-related shocks and stresses
- Present replicable models to reduce carbon emissions; support local food systems; care for local natural environments; actively avoid and reduce waste and promote conscious consumption; and foster sustainable transport behaviours in the community

This is in line with the strategic directions and actions in Yarra Council’s strategic documents:

- Climate Emergency Plan 2020 – 2024
- Waste Minimisation and Resource Recovery Strategy 2018 – 2022
- Urban Agriculture Strategy 2019 – 2023
- Nature Strategy 2020 – 2024 Prior to submission, applicants are encouraged to discuss their proposed projects with the relevant Council Officers (see below).

There are two tiers for Climate Action Grants (see overleaf):

Climate Action Grant – Tier 1 The Climate Action Grant – Tier 1 supports smaller projects that accelerate community-led climate action focusing on the priorities listed at the top of this page. Project management, promotional, on-ground works and educational or capacity building activities are all eligible. Infrastructure, equipment or permanent fixtures may be funded as long as they directly contribute to a broader program involving community engagement/education around climate action. If you have an idea that will contribute to climate action in your local community, we’re very happy to discuss it with you – see contact details below.

Maximum grant: \$5,000. Eight projects were funded last year, and the average grant was \$3,000.

Climate Action Grant – Tier 2 The Climate Action Grant – Tier 2 seeks to support more substantial community projects that accelerate community-led climate action focusing on the priorities listed at the at the top of this page. In addition to the assessment criteria for all grant applications (on page 6), this tier of funding is seeking projects that focus on:

- Partnerships – what partnerships will be built or enhanced through this project, and how will that add value to the outcomes and the ongoing work of the partners?
- Legacy – how will the project lead to long-lasting change? What capacity building outcomes will live on after the project? Can it be replicated, scaled up or expanded?
- Reach – will you engage with new audiences or deepen engagement with existing audiences? How will diverse sectors of the community be empowered through the project? How many people will you reach?
- Innovation – will you be trialling an approach that is new to Yarra or to you? How will the learning from this project be shared?

Maximum grant: \$10,000. Twelve projects were funded last year, and the average grant was \$7,400.

If a scaled-back version of your project could be implemented within the \$5,000 limit of the Climate Action Grant – Tier 1 grants, please indicate this in the Project Budget Summary section of the SmartyGrants online form. If your project is scalable, please indicate what you could do at different levels of funding (e.g., \$8,000 / \$5,000 / \$3,000).

It is a requirement that you discuss your proposal with the relevant Council Officer:

Community Housing Stream

The City of Yarra is home to a high proportion of residents living with socio-economic disadvantage in what is otherwise a relatively affluent municipality. The distribution of household earnings in Yarra shows great disparity between high and low-income households. This brings specific challenges for inclusion and participation.

Through the Community Housing Stream, Council seeks to promote those initiatives that help sustain tenancies, build more cohesive and resilient communities, and address social and cultural impacts for tenants of community housing and those at risk of homelessness in Yarra.

While the maximum grant available is \$50,000, we would welcome both large and small-scale projects being submitted for consideration.

Funding Priorities

The program objectives are to:

- maintain community diversity;
- increase stability of community housing tenancies; and
- build resilience and local connectedness for community housing tenants.

Eligible initiatives include, but are not limited to those that:

- address the impacts of complex multiple issues on vulnerable tenants;
- sustain tenancies of low income households that are at risk of homelessness;
- explore development of packages that support new community housing tenancies to access local supports; and
- explore local partnerships that increase the resilience and connectedness of community housing tenants

Funds available: \$50,000. Maximum grant: \$50,000. Five projects were funded last year.

Please note, the Community Housing Stream has the following additional eligibility requirements:

To be eligible applicants must:

- be a private or non-government organisation whose operations either directly or indirectly improve the availability, quality and security of affordable rental tenancies for households on income support from Centrelink or for people on low incomes. Affordable rental rates are defined as rents fixed at a rate no greater than 30 per cent of household income. Low-income households are defined as at the bottom 40 per cent of the income range.

Applications will also be ineligible if funding is intended for:

- reducing ongoing operating costs; and
- paying for standard maintenance of current residential stock.
- Please visit our website and have a look at our homelessness strategy for further information about homelessness in Yarra at www.yarracity.vic.gov.au/homelessness.

To discuss how your project supports the relevant Council Plan or Policy, and to meet application requirements please contact the relevant Council Officer
