Frequently asked questions

Central Registration System

What is CRS (Central Registration System)?

- Yarra's CRS is an easy and impartial way for families to register their children into Council-operated or participating children's services, including:
 - Long day care incl integrated kindergarten programs
 - Three-year-old pre-kindergarten – sessional
 - Four-year-old funded kindergarten – sessional and integrated kindergarten programs

How does CRS work?

- We take registrations on behalf of all Yarra managed childcare and kindergarten services and one participating community managed service in the municipality. All Yarra and participating services are listed on the CRS forms for long day care and kindergarten. For information and registration with other Early Childhood Education and Care services in Yarra, you will need to contact them directly.
- You can access a list of children's services in Yarra **here** or search for early childhood services at: www.mychild.gov.au
- You should only apply through the CRS after the birth of your child. It's important to contact and visit centres to understand the individual service models. This will help you to choose the service that suits you best.
- Completion of the CRS form does not guarantee placement and we strongly recommend you explore all options available to you within the municipality.
- For long day care, once your registration has been processed, the system places your registration onto a list. Your position is determined by priority of access, the age of your child, the date we received your registration and preference of chosen services.
- Families living outside of Yarra may apply, however priority is given to Yarra residents. We will offer you a place at the service from your preferences that has a vacancy first.

What documentation do I need to provide?

 - a copy of a current Health Care Card if you have one (for kindergarten registrations only)

Priority of Access at Yarra

What is Priority of Access?

- Priority of Access ensures that there is a clear and transparent process for the allocation of places in Yarra-managed children's services and other participating services. You can read more about this in our [Priority of Access Policy](#).

What services does the Priority of Access policy apply to?

- The policy applies to all childcare (long day care, occasional care and outside school hours care) and kindergarten services delivered by Yarra. The policy also applies to services delivered by another party from one of our buildings.

Which children and families receive priority of access?

- We give priority to children and families facing various challenges and hardships, with the top priority going to children at serious risk of abuse or neglect.
- Our policy also prioritises people with disability or chronic illness, Aboriginal and/or Torres Strait Islander people, and refugees and asylum seekers.
- Our policy also preferences families living in Yarra, and children with siblings already attending our services.
- View our [policy](#) to see the complete list of priority areas.

Children's Services

Frequently asked questions

How do you decide what my child's priority is?

- If two children fall within the same priority area, the child with the highest priority score will be offered a place first.
- Points are added for each of the main priority areas your child qualifies for (e.g. a child at risk of serious abuse or neglect) and extra points are added for any of the sub-tiers they qualify for (e.g. child with a disability or developmental delay).

Will my child be asked to leave if a higher priority child requires a spot?

- No. Once your child has been accepted into one of our services, we will not ask them to make way for another child.

Government Childcare Subsidy (CCS)

What is Childcare Subsidy (CCS) and how do I know if I am eligible?

- The [Childcare Subsidy](#) is paid directly to services to offset against families long day care fees. More information about individual subsidy rates and annual cap changes is available in the [New Child Care Package brochure](#)

Registering for long day care in Yarra

I want to register for long day care – Should I visit the services first?

- Prior to registering for services families are encouraged to visit the centres/kindergartens for a tour. *Please note, Victorian Childcare and Kindergartens currently have restrictions on visitors attending – once families are able to attend we will update this information.* (Later this year you will be able to watch virtual tours – we expect these to be available on our website in November.)
- Families should only nominate services they are happy to accept, if offered. Nominating a service does not guarantee an offer.
- Services are not zoned to particular areas or residential locations.

Frequently asked questions

I have a child already attending a service; do my other children get priority?

- Yes. Siblings of children already attending the **same** service will be given priority in the allocation process. To ensure our Priority of Access Policy is followed, siblings must be allocated through Yarra's CRS. You will need to complete the CRS form.

What is the activation date for long day care?

- Families should choose an activation date that is indicative of when they would be prepared to accept an offer for their child.
- The activation date cannot be in the past.

I have been waiting for a place for a long time and a family who registered after me have received an offer.

- Access to children's services in Yarra is guided by [Federal Government guidelines](#) and/or [Yarra's Priority of Access Policy](#).
- Families who live in Yarra are also prioritised. This is in addition to the criteria set by the Federal Government's Priority of Access Guidelines.
- You can always contact the Customer & Business Support team on 9205 5555 for an update on your registration. As long as your registration details are up to date, we will contact you as soon as we have an offer for you.
- We offer places in order of need, not in order of application. It isn't possible to suggest how long you will need to wait. We only consider the order of applications when two children qualify for the same priority area and have the same priority weighting. If you request a place at more than one centre, this may result in a reduced waiting time.

- No. We do not offer any family day care services in Yarra.

Immunisation requirements

Does my child need to be immunised to attend one of Yarra's children's services?
