

# IMMUNISATION SCHEDULE 2022

## July to December 2022

### Are immunisations free?

People under 20 years of age are eligible for free immunisations under the National Immunisation Program. All refugees and humanitarian entrants, including asylum seekers, can receive free immunisations. Some vaccines are available for purchase for those who are not eligible for free vaccine.

### Immunisation sessions

We hold regular immunisation sessions at various locations around Yarra for adults and children.

You do not need to make an appointment to attend a session. Our upcoming sessions for 2022 are listed in the table below:

# VICTORIAN IMMUNISATION PROGRAM SCHEDULE

As of 1 July 2020

The Victorian Immunisation Program is a series of immunisations given at specific ages. The immunisations range from birth through to adulthood. To have the best possible protection, immunisations should be given on time, every time.

Visit [health.gov.au/immunisation](http://health.gov.au/immunisation) for more information about the program.

AGE	DISEASE IMMUNISED AGAINST
Birth	<ul style="list-style-type: none"> <li>• Hepatitis B</li> </ul>
