Strategic assessment of the Amendment

Why is the Amendment required?

The draft amendment has been requested by Yarra City Council to provide strategic guidance and greater certainty on the future land use planning and development outcomes of the commercial areas along the Heidelberg Road corridor, between the Darebin and Merri Creeks. The draft amendment responds to the development pressures being experienced along the corridor and the continuing need to provide for Melbourne’s housing and economic growth.

The scale and density of development approved and currently being proposed along Heidelberg Road has increased substantially in recent years. The most influential development being the ‘redevelopment’ of the former Alphington Paper Mill (APM) site on the south-east corner of the Chandler Highway and Heidelberg Road. The redevelopment is already driving new development

proposals in the Heidelberg Road Neighbourhood Activity Centre and is likely to continue to be a catalyst for further development and land use changes along Heidelberg Road.

The Minister for Planning gazetted Amendment C272yara to the Yarra Planning Scheme to apply an interim built form control (DDO18) to the area. The interim control came into effect on 22 October 2021 and has been used to manage development while a permanent control was progressed.

To ensure appropriate and orderly planning, Council has undertaken a review of the interim built form control to test its suitability for translation into a permanent provision and recommend refinements.

Design and Development Overlay Schedule 18

Draft Amendment C273yara implements the built form recommendations of the *Part 2: Heidelberg Road Built Form Framework – Design Strategy and Recommendations, 2019* by introducing Schedule 18 to the Design and Development Overlay (DDO18) on a permanent basis. The built form work was prepared by Hodyl & Co (urban design) with input from RBA Architects Conservation Consultants (heritage), and Traffix Group (access and movement). These reports provide a strong strategic basis for the future planning of the area.

Permanent DDO18 aims to provide a balanced approach by guiding different levels of potential development across the Heidelberg Road Precincts. It aims to ensure that new buildings will respond to heritage fabric and minimise impacts on sensitive residential interfaces such as backyards, and public spaces like footpaths, kerb outstands and parklands.

The built form and design requirements are split into 'General Requirements' that apply across the Precincts and 'Precinct Design Requirements' that are specific to each Precinct. The requirements cover elements such as street wall height, upper level front and side street setbacks, building height, interface and rear setbacks, overshadowing and daylight access, front setbacks to street(s), building separation, building layout and access, parking and loading bay requirements.

Permanent DDO18 includes a mix of mandatory maximum requirements and preferred maximum requirements.

The permanent provision is required to ensure that new development within the commercial areas along Heidelberg Road is appropriately guided and that certainty on planning outcomes is increased. The provision is based on sound strategic background work and learnings from recent amendments.

It is proposed that the background work is listed in the Schedule to Clause 72.08 Background Documents.

Heritage Overlays (HO451 and HO455)

Draft Amendment C273yara implements the heritage recommendations of the *Heidelberg Road Heritage Review (Stage 1 & 2), RBA Architects Conservation Consultants 2019* by applying the Heritage Overlay to the properties 730-734 Heidelberg Road, Alphington (group of 3 shops) and 760-764 Heidelberg Road, Alphington.

The Statement of Significance for these sites are proposed to be listed as incorporated documents in the Schedule to Clause 72.04 Incorporated Documents. It is also proposed to update the "City of Yarra Database of Heritage Significant Areas" (listed as an incorporated document in the Schedule to Clause 72.04) to show these changes. The Heritage Reviews (Stage 1 and 2) are proposed to be listed as background documents in the Schedule to Clause 72.08.

The amendment also deletes the Heritage Overlay (HO362) from 2 Killop Street, Alphington. The late 20th century house was determined to be an anomaly at the edge of the Alphington East Precinct largely characterised by Victorian, Edwardian and Interwar houses with pitched, gabled or hipped roofs. It varies greatly to the graded building stock in the precinct and it was recommended by the heritage advisor to be removed from the precinct on this basis.

Clause 11.03-1L Activity Centres

Updating Clause 11.03-1L Activity Centres under the Heidelberg Road, Alphington subheading would include strategies to reinforce expectations around use and development in the Neighbourhood Activity Centre. The updates are informed by the built form framework, development plan for the former Alphington Paper Mill site and draft Local Area Plan. Note: this update is to the adopted Amendment C269 planning policy framework which is not yet approved. This update could also be applied to existing Clause 21.08 Neighbourhoods, subheading Fairfield – Alphington.

How does the Amendment implement the objectives of planning in Victoria?

The draft amendment implements the objectives in Section 4 of the *Planning and Environment Act 1987* (the Act), in particular:

- a) to provide for the fair, orderly, economic and sustainable use, and development of land;
- b) to secure a pleasant, efficient and safe working, living and recreational environment;
- c) to conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value; and
- d) to balance the present and future interests of all Victorians.

The draft amendment facilitates housing growth as well as economic growth and creates more economically viable mixed-use precincts in the commercial zoned land along Heidelberg Road.

How does the Amendment address any environmental, social and economic effects?

The draft amendment is consistent with the overarching goal in the planning scheme to:

Integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development.

The draft amendment is expected to generate positive social and economic benefits as it will facilitate development within the area, providing opportunities for economic development, housing and employment growth.

The land affected by the draft amendment is not located within an area of identified bushfire risk.

Does the Amendment comply with the requirements of any Minister's Direction applicable to the amendment?
