Improved drainage in Richmond

Richmond Library redevelopment

Wangaratta Street open space

LENNOX WARD UPDATE | Cremorne and parts of Richmond

This year's Budget is preparing for Yarra's population growth while keeping costs low for you, our residents. We are all feeling the cost-of-living pressures and the weight of global instability.

We are continuing to prioritise cleaner streets, better parks and great customer service as well as maintaining our most valuable assets.

A priority for Lennox Ward in the Budget is the upgrading our stormwater drainage system to better prepare our community in times of heavy rainfall.

Cremorne open space will receive an upgrade and we will begin the design stage of the redevelopment of Richmond Library.

As well as the Budget items, we have finished some big projects in Lennox such as improving the underground drainage infrastructure on Lennox Street and upgrading pram crossings on Wellington Street.
