

Works Notification

Essential works in your area

Underground works Appleton Street, Richmond November/December 2026

Citipower is working to relocate some of our overhead cables in Appleton Street underground.

Works

Citipower will carry out underground power cable works in **Appleton Street** (location as shown on the map overleaf).

These works to underground our overhead cables are to support a new development and will involve underground trenching works in the roadway on Appleton Street.

While we complete these works, there will be impacts to resident parking in Appleton Street within the workzone.

When

Works will take place on selected **weekdays** between;

November 2 to December 11
7.30am – 4.00pm
(Works will not occur every day during this period)

Work dates and times may occasionally change due to unforeseen circumstances, such as adverse weather or ground conditions. In this occurrence, works will take place in the next available shift.

Road closures

While works are underway, at times Appleton Street will be closed. Local access will be maintained, and traffic controllers will be available to assist residents and businesses needing access.

What to expect

- At times, some of this work will be noisy.
- Some of this work may impact driveways intermittently.
- **Parking spaces** on the southern side of Appleton Street will be temporarily unavailable at times.
- Our crews will work closely with residents to minimise parking disruptions as works progress along Appleton Street.
- Please be aware that works can sometimes take longer than expected or need to be rescheduled due to weather and other factors outside of our control.

Traffic impacts

- **Local resident access will always be maintained.**
- Local access will be maintained, and traffic controllers will be available to assist residents and businesses needing access.
- There will be footpath closures in the work area. Traffic controllers will assist pedestrians around the workzones.
